EXCELLENT

**KENT COLLEGE**  
WEST CAIRO

### Our Origin

**Kent College** is an extension to the Kent College Family of schools, bringing to Egypt a 135 year old legacy of educational expertise. It is fully managed and operated by its founding school in the UK. We offer an outstanding British education from Early Years to Year 13, following the English national curriculum and IB.

### Your Child Is in Safe Hands

The vast majority of the teachers at **Kent College** have trained and taught in the UK, so they are completely familiar with the British curriculum and best teaching practices. Small classes of 20 students, a carefully-developed tutoring system and individualised learning pathways will allow each student to be themselves within the school community.

### More Than Just a Curriculum

Our pastoral structure is designed to give all students the support they need from the start of their school career to the day they leave. Our aim is always to be student-centred and to focus on enabling every child to become the best they can be. Pastoral care is at the heart of what we do.

### Recognising Talents

At **Kent College**, our commitment is to shine a light on the unique talents of our students, fostering an environment of growth and recognition that empowers them to reach their full potential. We take pride in encouraging our students to improve their talents and celebrate their accomplishments, providing opportunities for them to excel both within our school and beyond.

### Where to Find Us?

Kent College is located in O West Compound at 6th of October City, a prime location that ensures a safe and healthy environment for our Kent College community. The school's physical environment (its air conditioning, lighting, noise reduction, architecture, interior design, furniture and indoor space) is high-quality, safe and clean. It is conducive to the health and wellbeing of all pupils and staff. We are proud of the learning environment we offer to children.

### An Inclusive Campus

At **Kent College**, we pride ourselves on providing top-notch facilities and a state-of-the-art campus that fosters a rich learning environment. Once students step into our campus, they embark on an exciting learning adventure, as the school has been designed to motivate and encourage them to learn. Our large modern buildings are designed for the needs of our Junior and Senior school students with classrooms that are equipped with age-appropriate facilities. Partnership with O West Sports Club guarantees outstanding sports and fitness amenities for our students' physical and emotional growth.

### Our Transportation

**Kent College** provides an extensive transportation service with qualified, experienced and regularly-inspected drivers. We take utmost care in ensuring the safety of our students by offering a safe transportation service all over Cairo using modern buses equipped with seat belts and GPS trackers.

### Our Vision

Developing the full potential of each individual.

### Our Mission

To develop happy students, in an engaging, enabling and empowering environment, based on traditional core values, in pursuit of career readiness and excellence.

### KC STEAM Approach

**Kent College** has been designed to incorporate spaces for science, technology, engineering, arts and mathematics (STEAM) pedagogy and collaboration. Our STEAM approach will ensure that students can take the knowledge and understanding from different subject areas and through enquiry, discussion and critical thinking learn how to take calculated risks, problem solve, collaborate, and think creatively to generate innovative solutions to problems.

### Enhancing Capabilities

**Kent College's** Extra-Curricular Activities (ECAs) Programme aims to enhance its students' abilities and skills.

Our objective is to promote a team spirit, instil high ideals of work ethics, and cultivate valuable skills.

**Kent College** spotlights each child's unique skills, it recognises talents and celebrates achievements.
